

# BIONIC 2018

**BIONIC 2018**  
BIOLOGY ON SCIENCE AND APPLICATION  
'Local Bioresources for National Food Security'

**SEMINAR** MINGGU. 6 Mei 2018  
08.00-Selesai  
AUDITORIUM CCR IPB

**WORKSHOP**  
SABTU. 5 Mei 2018  
08.00-Selesai  
Departemen Biologi IPB

**Prof. Dr. Ir. Lisdar Sudirman**  
(Peneliti, Dosen, dan Guru Besar IPB)  
"Inovasi Produk Jamur WeiQi sebagai Alternatif Makanan Cepat Saji Bernutrisi Tinggi"

**Dr. Ir. Rika Raffiudin M.Si**  
(Peneliti dan Dosen Biologi IPB)  
"Bee and Bee Pollen Diversity from Indonesian Local Honey"

**Desmarwansyah. SP, M.Sc.**  
Director Biotech & Seed Director  
CropLife Indonesia.

**Prof. Dr. Ir. F. G. Winarno**  
Bapak Teknologi Pangan Indonesia

**Ir. Stefanus Indrayana**  
General Manager  
Corporate Communication  
PT. Indofood Sukses Makmur.

**Prof. Dr. Aris Tri Wahyudi M.Si.**  
Guru Besar IPB Divisi Mikrobiologi  
Dosen Biologi IPB

Disponsori oleh: CropLife, Bantex, Pegadaian, Indofood

## Introduction

BIONIC (Biology on Science and Application) is an event that openly discusses up-to-date issues that happen around us. This event consists of various series of events like LKTIN (Lomba Karya Tulis Ilmiah Nasional), National essay competition, Seminar, Workshop, Gala dinner, and Expo.

The theme of BIONIC 2018 is "Local Bioresource for National Food Security". We hope this event could serve as a platform for students to deliver their aspiration to help to resolve latest issues about food security in Indonesia.

Workshop and seminar are open to the public.

## Seminar

The seminar will be held at 6th of May in Bogor Agricultural University, the speaker for our discussion about Indonesian food security will be :

1. Desmarwansyah. SP. M.Sc. (Director Biotech & Seed Director CropLife Indonesia) : "Substitusi Pangan dengan Produk GMO Bersertifikasi"
2. Ir. Stefanus Indrayana (General Manager Corporate Communication PT. Indofood Sukses Makmur) : "Industri Pangan Indonesia"
3. Prof. Dr. Ir. F. G. Winarno (Bapak Teknologi Pangan Indonesia) : "Peran Teknologi untuk Pangan Indonesia"
4. [Prof. Dr. Aris Tri Wahyudi M.Si.](#) (Guru Besar bidang Mikrobiologi Fakultas MIPA Institut Pertanian Bogor) : "Plant-Microbes Interactions"

## Workshop

The workshop will be held at 5th of May in Bogor Agricultural University, with two

topics of discussion :

1. "Bee And Bee Pollen Diversity From Indonesian Local Honey" that will be guided by [Dr. Ir. Rika Raffiudin M.Si.](#)
2. "Inovasi Produk Jamur (WeiQi) Sebagai Makanan Cepat Saji Bernutrisi Tinggi" that will be guided by [Prof. Dr. Ir. Lisdar A. Manaf \(Lisdar I. Sudirman\)](#)

## **Ticketing**

- Seminar: Rp 25.000
- Workshop
  - Mahasiswa IPB Rp 100.000
  - Public Rp 125.000
- Package
  - A : “couples package” seminar (2 people) Rp 45.000
  - B : “group package” seminar (5 people) Rp 110.000
  - C : “workshop and seminar package”
    - Rp 120.000 (IPB college students)
    - Rp 135.000 (public)
