

Collaborations

[Update \(2017\): National and International Network \(download, PDF\)](#)

Name of Agency/Instance/Institute participated	Staff	Activity	Time (Start - Finish)	Ibaraki University, Japan	6	Dual-degree program in microbiology	2011	2013
--	-------	----------	-----------------------	---------------------------	---	-------------------------------------	------	------

NWO, Scientific Res.
Organization, The
Netherlands

1

Research

2011 2014

Kyoto University	2	research in color Perception of Colorblind Monkeys	2011	Now
------------------	---	--	------	-----

Kyoto University	2	research in anomalouspoce in color blind monkeys (on going research)	2011	2014
Kyoto University	2	research in hybrids between Sulawesi Macaque species	2011	Now

Kyoto University	2	research in Characteristics of Primate Population in Pangandaran after 2006 Tsunami	2011	Now
------------------	---	---	------	-----

Kyoto University	2	research in Feeding Ecology of Trachipithecus aureus in Pangandaran National Park	2011	Now
------------------	---	---	------	-----

Kyoto University

2

research in Seed
dispersal by Mammals in
Pangandaran National
Park

2011

Now

Kyoto University

2

research in evolution of
Sulawesi's monkeys
from Genus Macaca

2011

Now

Kyoto University	2	research in Dermatoglyphic pattern formation and its symmetry/asymmetry	2011	Now
------------------	---	--	------	-----

Kyoto University	2	research in DNA-related analysis to evaluate biodiversity especially primate	2011	Now
------------------	---	---	------	-----

Kyoto University

2

research in ecobiology of
macaca fascicularis and
Theropithecus auratus in
pangandaran.

2011

Now

National Institute of
Physiology Science

1

Theropithecus auratus
Anomalospoce in color
blind monkeys (on going
research)

2011

Now

German Primate Center
(DPZ)

2

Macaca nigra Project

2011

Now

Anthropological Institute
and Museum (AIM),
University of Zurich,
Switzerland

2

Research in Conservation
genetics of Orangutans 2011 2013

Johannes-Gutenberg
University Mainz,
Germany

2

Research in The
Evolution of Central
Sulawesi Tarsiers
(*Tarsius* spp.)

2011 2013

International Atomic Energy Agency PBB	1	Research in Genetic Variation on the Control of Resistance to Infectious Diseases in Indonesian Small Ruminants for Improving Animal Productivity	2011	2013
---	---	---	------	------

CRC Goettingen Jerman	18	Start up Research in Research Collaboration and Education: Ecological Transformation System in Sumatra	2011	2014
-----------------------	----	---	------	------

FAO	1	National Consultant of FAO for Invasive Alien Animal Species in Indonesia	2011	Now
-----	---	--	------	-----

ISEM-France	2	Biodiversity and Conservation of eel (ikan sidat) in Indonesia	2011	Now
-------------	---	--	------	-----

TUAT Jepang

1

Sponges-associated
bacteria

2011

2012

San Diego State
University

1

Research in Sulawesi
Macaque genetic
relatedness

2011 2013

Chulalongkorn University	1	Research in Reproductive Biology of Macaca nemestrina leonina	2011	Now
--------------------------	---	--	------	-----

Montana State University	1	Research in Characterization of Olfactory Genes Mediating Mating Behavior of Rice Stem Borer Scirpophaga Incertulas	2011	Now
--------------------------	---	---	------	-----

Tokyo University of
Agriculture and
Technology

2

Research in Antimicrobe
substances from
Softcoral bacteria

2011 2014

Washington State
University

1

Research in Migration of
Brown Plant hopper:
Molecular Approach

2013

2015

Pupuk Kaltim	6	Test of bio fertilizer formulation based on rhizobacteria-fungi consortium for food crop.	2011	2012
--------------	---	---	------	------

Mendiknas	2	Multilocation test and registration of new hybrid variety chilli	2011	2012
-----------	---	--	------	------

KKP-DKP	2	genetic mapping of Fresh water fish in Indonesia	2011	2011
---------	---	--	------	------

PSPL Banten	1	Narasumber, Research Collaboration and Education	2011	2011
-------------	---	--	------	------

Balivet Deptan

1

Research advisors
collaboration

2011

2011

Perhimpunan Mikologi Indonesia	4	DNA Barcode for <i>Apis cerana</i> and <i>Apis koschevnikovi</i> in Indonesia	2011	2011
-----------------------------------	---	--	------	------

Perhimpunan Mikrobiologi
Indonesia

4

Pheromone binding gene
characterization of
Scirpophaga incertulas

2011

2011

BPTP Sulsel

1

Lemur rehabilitation
project

2011

Now

Pusat Penelitian
Bioteknologi Perkebunan
Indonesia

1

Collaborative research 2011 sekarang

SMP Insan Tama	3	Research of pathogen controlling bacteria in paddy plant.	2013	2014
----------------	---	---	------	------

Pemda Bangka	2	Research of pathogen controlling bacteria in paddy plant.	2013	2014
Pemda Sumba Tengah	4	Microbiological analysis	2013	2014
BIOTROP	2	Penelitian mikrobiologi. Microbiology research	2012	2014
Pemda Sulawesi Tengah	2	Cooperation in microbiological research	2012	2014
LIPI-BOTANI	3	Probiotics of Freshwater Fish Research	2013	2014
Kebun Raya Bogor	4	Plant biosystematics and international publication	2012	2014
Pemda Sulawesi Tengah		Research network and graduating student	2013	2014
LIPI-BOTANI		Plant biosystematics and international publication	2011	2014
Suaka Rhino Sumatra (SRS)	1	Conservation Genetics of Javan rhinos	2009	2014
DEPTAN	1	Differentiation of Mitochondrial DNA and Odorant Binding Protein Gene Characterization of Rice Stem Borers as the Basic for Integrated Pest Control	2009	2014
Pusat Studi Satwa Primata (PSSP), LPPM-IPB	3	Committee in animal welfare and animal use in laboratory	2009	now
DKP	1	Biodiversity and Conservation of lais Fish in Indonesia	2009	now
Balai Riset Kelautan dan Perairan Umum DKP	2	Speaker, Research Collaboration and Education	2009	now
KKP-DKP	2	genetic mapping of Fresh water fish in Indonesia	2009	now
Balitvet Deptan	2	Advisors collaboration	2010	now
WWF	1	Conservation Genetics of Javan rhinos	2010	now
IAR	1	Couocang Rehabilitation Project	2010	now
PSPL Banten	1	Narasumber, Research Collaboration and Education (pembimbingan)	2011	now
Balitbio, BB Biogen	1	Research network and graduating student	2011	2013
Yayasan International Animal Rescue (IAR) Indonesia	1	Coucang Biology Research	2013	now
Taman Nasional Ujung Kulon (TNUK)	1	Conservation Genetics of Javan rhinos	2014	now
BPP Gondol-BRKP, Bali	1	Biodiversity and Conservation of Abalon in Indonesia	2014	now
