

Thank You, bioipb!

First of all, let me praise gratitude to the almighty Allah SWT. for all the blessings, for the day and moment I have. I would also like to thank all the members of staff at [Department of Biology](#), FMIPA IPB, especially for all my lecturers. Thank you for being such a best lecturer for me. You have given me useful knowledge that is as precious as life lessons.

I'm so grateful that I could through the bachelor education in the [Department](#). There's so many things I've got about 3 years such as academic knowledge, non-academic knowledge, supportable facilities, complete laboratory, and IPB has so many great lecturers. The most important point is that i've got so many friends like family here.

I hope that the [Department](#) will develop better and always be number one in Indonesia, also, increasing good quality graduates which so helpful for biological environment. I believe that the [Department](#) is able to develop become faculty in IPB.
