

Biology Students Took Award at a National Level Debate Competition

[Biology](#) students do not just work in the lab, sometimes they have to speak in public. Usually, after lab work is completed, they should tell you what they do and what they produce. On several occasions, they speak in a debate forum. This time, Ruth Fitria (Bio50), [Apip Nurdin](#) (Bio49), and Riska Susilowati have a chance to participate in the National Debate Competition organized by the Students Union Bidikmisi in Sumatra. The three students are scholarship-winning student of Bidikmisi. In the competition held on 14 to 18 April 2016 in the University of Bengkulu, the trio managed to embrace the 3rd winner. Congratulations, we say on this proud achievement.
